Grief Counseling & Coaching
Education Division: Schools & Universities

Integrated Workshops:

Financial Literacy & Career Counseling

We partner with Regions Bank and the Federal Reserve (Bank) Education. Upon completion, students will receive a **Certificate of Completion** and a gift bag recognizing their hard work, dedication and commitment to excellence.

Career Counseling & Career Readiness

Students engage in mock job interviews, create resumes, professional biographies and profiles on LinkedIn and on our website at griefcc.org for more visibility to attract potential employers and university recruiters and explore possible career options.

College-Bound & College Readiness

We're preparing the next generation of leaders for higher education and college readiness. Students practice ACT standards, complete college applications, submit financial aid and scholarship opportunities and explore college majors and possible career options.

ACT, LEAP & MAAP Bootcamps

Students engage in intensive review of practice and full length exams for national and state standards in ELA, Writing, Math, Science and Social Studies, practice test-taking strategies, time management tips and learn anxiety-reducing techniques for computer-based and paper tests to boost students' scores and self-confidence.
